

# PLWA Christmas Creature Count

---

## What do you have in your back yard?

### **An *unscientific* survey of the inhabitants of our watershed.**

The survey rules are simple. On December 27, 2008, you will make note of the number and type of creatures that appear in your yard and record the results on the form provided. If the creature is not listed, please add them to the list and record the appropriate number. Please record the maximum number of any one creature that you see at one time (e.g. if you look out and see 3 chickadees the first time, the next time 7 and the next 5- the number you would submit is 7) Mail (or email) the form back to the address indicated on the form and your results will be tallied with the rest of the respondents to the survey. Include an email address and the results of the survey will be emailed to you. If you respond by mail, and include a self addressed, stamped envelope, we will mail the results to you. Results will be posted on the PLWA web site. PLWA hopes to raise awareness of the wildlife that shares our lake and surrounding watershed area. Please join us in this endeavour and involve your family and friends while you enjoy the holidays at the lake.

Please return the results by January 9, 2008. You can email the form to [Creaturecount@gmail.com](mailto:Creaturecount@gmail.com) or You can mail your filled out form to:

Christmas Creature Count  
C/O James McGregor  
Box 167, R.R. 2 Westeros, Ab
